SECTION S & C
FILE No. 75 Agr. 95
SERIAL No. 44

SIR,

I have the honor to inform you that the existing contract with Messrs. Parry & Co. for the manufacture of arrack required for consumption within the State, including the Civil and Military Station of Bangalore, will expire on 30th June 1897 and that, as the business is a large one requiring a considerable amount of capital and much previous preparation on the part of the manufacturer, it is desirable to give ample notice to intending tenderers for the next contract. The Darbar accordingly are desirous of publishing at as early a date as possible the usual advertisement inviting tenders for the manufacture during the five years from 1st July 1897 to 30th June 1902. The advertisement will in the main be in the form of the one dated 23rd December 1891, and will be widely published in all parts of India. I accordingly beg to enquire whether the Civil and Military Station supply is to be included in the Darbar's new contract as has been the custom heretofore. A copy of the proposed advertisement will be submitted to you within the next week. In the meantime I beg to forward twelve copies of my Memorandum which explains the only change which the Darbar consider it expedient to introduce. The change proposed consists of an enhancement of both duty and retail price. While recommending it for your acceptance as regards the Civil and Military Station, I beg to add that the matter has been most carefully considered from all points of view, and the Darbar firmly believe that the proposed increase is most desirable on financial and other considerations. A retail price of Rs. 6-6-0 per gallon 20° U. P. is not so high as to be felt as a hardship by the class of people who generally consume our arrack, nor is it likely to lead to illicit distillation or importation. There is no reason whatever to believe that the adoption of this price will have any effect in lowering the consumption within the Civil and Military Station.

The anticipated increase of Revenue for the Civil and Military Station is over one lakh of rupees, and I beg to express the hope that you will be able to concur in the proposed enhancement of duty and retail price.

Dated Bangalore, 22nd December 189-.

SIR,

No. 13 D dated the 30th Augt 1896. No. 77 D dated the 17th Sept 1896

With reference to your letters marginally noted, I am directed to state that the Resident has no objection to the inclusion in the Durbar's next contract for the manufacture of arrack of the supply required by the Civil and Military station and he agrees to the proposed enhancement of the duty on, and the retail price of the liquor.

2. The Notification of which a draft was received with your letter of the 17th

17th September, may be published, but I am to observe that as the Civil and Military Station is so largely interested in the contract which is to run for a considerable term the Resident would be glad to learn before any tender is finally accepted, the name of the applicant whose tender the Durbar are inclined to accept and the terms of such tender.

3. The delay in replying to your letter is regretted but has been unavoidable. It may perhaps be necessary in consequence of this delay, to alter the date "11th January 1877" in paragraph 6 of the draft Notification to some later date, but on this point you will be last informed.

4. I am also to mention that the question of having a separate supervising establishment for the Civil and Military station

is

is engaging attention and that it may be necessary to revise the present arrangements in this respect during the currency of the fresh contract.

BANGALORE, MONDAY, DECEMBER 28, 1896.

GENERAL.

NOTIFICATION.

Dated 28th December 1896.

No. 5814-Ex.-223. Tenders in the form hereunto appended are hereby invited for the exclusive Privilege of the manufacture of Arrack for the territories of Mysore, inclusive of the Civil and Military Station of Bangalore, for a period of five years from **1st July 1897 to 30th June 1902.**

2. The contract for the Civil and Military Station of Bangalore is included in this Notification with the permission of the Resident in Mysore.

3. The privilege for which tenders are now invited will be conceded subject to the conditions specified in para 8 of this Notification, and to the Excise Laws and Rules passed by Government from time to time. It will not include the manufacture or sale of Toddy, or of "Foreign Spirits and Foreign Fermented Liquors," or of Country Beer.

4. The quantity of Arrack required is estimated to be between 46,000 and 48,000 gallons a month, the quantity actually issued from the Bangalore Distillery in the year 1895-96 having been 551,935 gallons. No quantity is however guaranteed to the manufacturer, who is bound by actual requirements, be the same more or less than the estimated quantity.

5. Tenderers must specify the lowest rate per gallon at which they will supply all the Arrack required, of the strength of 20° under-proof, during the whole period of the contract. The rate of price thus tendered for and accepted by Government shall be the price at which Arrack of 20° under-proof will be sold by the manufacturer to retail shop-keepers and to renters of the right of retail vend, during the currency of the contract granted under this Notification. For double-distilled spirits and other special liquors of greater or lesser strength than 20° under-proof, which may be specially manufactured and issued with the approval of the Government, the manufacturer will be allowed to fix his own prices; but for single-distilled spirits of greater or lesser strength than 20° under-proof, the price chargeable by him will be according to such strength proportionately on the rate fixed for Arrack 20° under-proof in accordance with Casella's Rules.

6. Each tender must be accompanied by a deposit of **Rs. 5,000** in cash, or in Government securities, duly endorsed in favor of "The Dewan of Mysore," and enclosed in a cover superscribed with the words "Tender for the exclusive privilege of the Manufacture of Arrack," and must be sent to the **Excise Commissioner at Bangalore** so as to reach him before noon on Tuesday the **2nd March 1897**, after which date no tender will be received. The tenders will be opened by the Excise Commissioner at his office in **Bangalore** at 12 o'clock noon on the **2nd March 1897**, in the presence of the applicants who may be present. The final disposal of the tenders will rest with the Government, who reserve to themselves full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected, will be returned to them on their application.

7. The applicant, whose tender may be finally accepted by the Government, shall, within eight days of the acceptance of his tender being communicated to him, deposit at the Huzur Treasury, Bangalore, a further sum in cash, or in Government securities, duly endorsed in favor of "The Dewan of Mysore," to make up with the deposit previously made, the sum of **one lakh of rupees**; and shall execute an agreement, in the prescribed form on proper stamp, binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to sign the agreement, or to make the deposit required, the deposit already made will be forfeited to Government, and the contract otherwise disposed of.

8. The contract for which tenders are now invited shall be subject to the following conditions, namely :—

I. The contractor will be required to manufacture within the enclosure of the Government Distillery near Bangalore, or at such other place as may be approved by the Government. For the use of the Distillery buildings near Bangalore together with the existing system of water-supply thereto, the contractor shall pay rent to Government at Rs. 500 *per mensem*. Such improvement or addition to the said buildings or water supply as may be approved by the Government will be carried out at Government cost subject to the payment by the contractor of such additional rent or rate as may be fixed by Government.

II. The contractor will be required to have ordinarily a month's supply (46,000 gallons at the present rate of consumption) and *never less* than 23,000 gallons of admissible spirits in terms of 20° under-proof in store at the Distillery.

III. The contractor will be allowed to purchase spirit from any Sugar Factory which may be established in Mysore, and which may be authorized by Government to distil Arrack. Should the contractor himself establish a Sugar Factory and distil Arrack therein, with the permission of the Government, he will be bound to keep in stock such quantities of spirit at such Factory, as may be fixed by Government.

IV. In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government will be at liberty to establish out-stills, giving the contractor the first refusal of so doing.

V. The contractor shall, upon receipt by him of price at the rate fixed by his contract, sell the spirit at the Government Distillery or other place where he may be allowed to manufacture. Such sales shall only be—

1st. For the supply of such Bonded Depôts as Government may, from time to time, establish and maintain ;

2nd. To separate shop-keepers licensed to sell in the Civil and Military Station of Bangalore, in the Cities of Bangalore and Mysore and in other places to which the Separate Shop System may be extended ;

3rd. To vend-renters to whom the Government may sell the right to vend Arrack in defined tracts ; and

4th. To the licensees for the wholesale and retail vend of "Foreign Spirits and Foreign Fermented Liquors" and for the sale of the same in Refreshment-rooms and in Hotels and Boarding-houses.

No spirit shall be allowed to be removed from the Government Distillery, or other authorized place of manufacture, or from a Bonded Depôt, unless the purchaser produces a Treasury receipt for the amount of duty paid therefor.

VI. The contractor shall be bound to conform to the provisions of Act XXII of 1881 (the Excise Act) as in force in the Civil and Military Station and as introduced into Mysore with certain modifications by Regulation III of 1885, as well as to the Rules framed thereunder by Government from time to time.

VII. The out-going contractor shall give, and the in-coming contractor shall take over, any Arrack or other Country Spirits not exceeding a month's supply, which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same such value as may be fixed by the Excise Commissioner.

VIII. Should the in-coming contractor so require by at least one week's previous notice in writing, the out-going contractor shall cease preparing "Wash" during the last month of the expiring contract, and vacate the buildings so as to admit of the in-coming contractor commencing operations. Should no such notice be given, the out-going contractor may continue distilling till the end of his contract, after which further distillation must cease.

IX. Should the out-going contractor so desire, the in-coming contractor shall be bound to purchase all apparatus and stock and block belonging to the out-going contractor at the Government Central Distillery, Bangalore, at a fair and equitable price to be fixed by the Excise Commissioner, calculating the original cost and deducting therefrom depreciation for the period of user at such average rate as may be determined by Government, and of which timely notice will be given to the out-going contractor, and to intending bidders by a Notification to be duly published in that behalf.

X. Improvements of a permanent nature shall be retained and not be disturbed except with the approval of the Executive Engineer.

XI. In case of a breach of any of the above conditions, Government will be at liberty to cancel the contract and to declare the deposit of one lakh of rupees forfeited and also to recover from the defaulting contractor such further loss as may be occasioned by such breach.

NOTE 2.—From 1st July 1897 the rate of still-head duty on Arrack 20° under-proof, payable to Government, will be raised from Rs. 4 to Rs. 4-12-0, and the retail price thereof from Rs. 5-5-0 to Rs. 6-6-0 per gallon (*i. e*, from Re. 0-1-8 to Re. 0-2-0 per dram which is equal to $\frac{1}{51}$ part of a gallon). The rates of still-head duty and retail price of single-distilled spirits of greater or less strength than 20° under-proof, will be calculated proportionately upon the rates for 20° under-proof, in accordance with Casella's Rules. Government reserve to themselves the power of altering the rates of duty and price, it being distinctly understood that the manufacturing contractor shall not be entitled to claim any compensation for loss on account of such alteration.

NOTE 3.—For double-distilled spirits of all strengths, the rates of still-head duty will be calculated proportionately upon the rate for 20° under-proof, in accordance with Casella's Rules. But for these spirits as well as for other special liquors manufactured at the Government Central Distillery, Bangalore, or other place approved by Government, both the manufacturer and the licensed vendor will be at liberty to fix their own prices.

NOTE 4.—The present contractors are reported to have, up to the end of August 1896, incurred an expenditure of Rs. 69,048-2-0 on account of plant put up.

By Order,

C. SREENIVASIENGAR,

Secy. to Govt., Gen. and Rev. Departments.

I don't believe any such change as that proposed is necessary. In every new legislative measure, it is usual to say that "References made in any enactment &c to" the repealed Act "shall, so far as may be, be taken to apply" to the new Act. At all events, this is understood. With regard to the Abkari Act, it is pending in the Legislative Dept. draft

it is pending in the Legislative Dept. ~~chief reasons of want of~~ I shall take an early opportunity of dealing with it, as soon as the pressure of even more urgent matters allows me time.

The Excise Commr's proposal is not altogether unfounded. The draft Notification issued by him may be approved & issued.

Sir,

As the introduction of the Madras Abkari Act, into this province in lieu of the present Excise Act XXII of 1881, as per draft Regulation resubmitted with my letter No 4901/552, dated the 27th May / 3rd June 1896, has been in contemplation, and as the same will probably come to force during the currency of the next Arrack Manufacturing Contract, more particularly on account of the Tree tax System proposed to be introduced from the year 1897-98, I have the honor to state that I apprehend that the express mention of the present Excise Act in Condition VI of para 8 in Government Notification No. 5814/Ex 223, dated the 28th December 1896,

1896, may stand in our way to bringing into force any of the provisions of the proposed Madras Act. Accordingly I beg to submit herewith for approval and publication a draft Notification embodying the amendment of the aforesaid condition VI.

I have the honor to be,
